## REPORT OF THE TOWN MEETING HELD MARCH 8, 1921

In accordance with a notice, duly signed and legally posted, the legal voters of the Town of Hampton assembled at the time and place therein named and were called to order by the Moderator at twenty-one minutes after ten o'clock in the forenoon. The Moderator read the warrant as follows:

### STATE OF NEW HAMPSHIRE

**To the inhabitants of the Town of Hampton, in the County of Rockingham, in said State, qualified to vote in Town Affairs.**

You are hereby notified to meet at the Town Hall in said Hampton on Tuesday the eighth day of March, next, at ten o'clock in the forenoon, to act upon the following subjects:

Article 1. To choose a Clerk for the ensuing year.

Article 2. To choose three Selectmen as follows: One to hold office for the one year next ensuing, one to hold office for the two next years ensuing and one to hold office for the three years next ensuing.

Article 3. To choose Treasurer, Collector of Taxes, Trustee of Trust Funds, Auditors, Library Trustee and all other necessary officers for the ensuing year.

Article 4. To raise or appropriate such sums of money as may be necessary for salaries of Town Officers, Election Officers, Municipal Court, Expenses of Town

Hall, Police Department, Fire Department, Moth Extermination, Health Department, Highways, Street Lighting, Library, Town Poor, Memorial Day, Sewer Department, Interest, Sidewalks, Breakwater, and all other necessary charges arising within the Town.

Article 5. To see if the Town will give the Selectmen power to raise money in anticipation of taxes and to renew or refund the Town Notes.

Article 6. To see if the Town will raise or appropriate money for the Boulevard Lights at the Beach.

Article 7. To see if the Town will re-consider any vote or votes relative to the purchase of the properties of the Exeter, Hampton and Amesbury Street Railway taken at adjourned meetings of the annual Town Meeting of 1919 or at any special meetings of the Town held subsequent thereto.

Article 8. To see what action the Town will take relative to the purchase of the properties of the Exeter, Hampton and Amesbury Street Railway.

Article 9. To see if the Town will raise or appropriate a sufficient sum to erect at the Beach a building suitable for use as a fire station, police station and public comfort station.

Article 10. To see if the Town will raise or appropriate the sum of Twenty-five hundred dollars to be used for fire protection and for beach cleaning at the Beach.

Article 11. To see if the Town will vote to extend a street leading from the New Road to Winnicummsett Road across land of Sarah B. Batchelder and appropriate money to grade the same.

Article 12. To see if the Town will appropriate the sum of One thousand dollars to be applied to the further construction of Island Path at Hampton Beach and the maintenance thereof.

Article 13. To see if the Town will vote to install

two electric lights on Island Path Road, one near the Wallis Cottage, the other near the Buzzell Cottage.

Article 14. To bring in your ballots upon each of the questions submitted by the Convention to Revise the Constitution relative to the amendments proposed by said Convention at a session held on January 28, 1921.

Article 15. To see what action the Town will take upon any other matters which may properly come before this meeting.

Given under our hands and seals this 21st day of February, 1921.

EDWIN L. BATCHELDER,  
WALTER A. SCOTT,  
WILBUR E. LAMB,

Selectmen of Town of Hampton

The Rev. Edgar Warren was called upon to offer prayer.

The first business of the meeting to be taken up was balloting upon the proposed Amendments to the Constitution submitted by the Constitutional Convention to the voters of the State. The Moderator announced that said balloting would be carried on simultaneously with the regular business of the Town Meeting in that part of the hall especially reserved for that purpose. The Moderator then appointed Dean B. Merrill, Moderator Pro Tem; Charles Francis Adams, Clerk Pro Tem, who were sworn to a faithful discharge of their duties; Walter E. Brown and Charles D. Palmer to have charge of the ballots, and Uri Lamprey and Edward J. Brown to assist those requiring assistance in marking their ballots. The

ballots were then called for and received by the Moderator and placed in the hands of the Ballot Clerks in open meeting. Then the Moderator requested the voters to bring in their ballots on the said Amendments.

Proceeding to the regular order of business the meeting

Chose—Warren H. Hobbs, Town Clerk, for the ensuing year, who took the oath of office.

Voted—That balloting for Selectmen be done by three names on one ballot.

Chose—Joseph B. Brown, Selectman for three years

Chose—Elroy G. Shaw, Selectman for two years.

Chose—Harry D. Munsey, Selectman for one year.

The above Brown, Shaw and Munsey were sworn to a faithful discharge of their duties.

Chose—Herbert Perkins, Treasurer for the ensuing year.

Chose—Ernest G. Cole, Collector of Taxes, for the ensuing year.

Chose—Kenneth N. Ross, Trustee of Trust Funds for three years.

Chose—Simeon A. Shaw, Charles Francis Adams and Howell M. Lamprey, Auditors for the ensuing year, who took the oath of office.

Chose—Charles M. Batchelder, Library Committee for three years.

Chose—Sarah M. Lane, Library Committee for one year.

Voted—To take up Articles seven and eight at once.

The report of the Railway Committee was then submitted and it was

Voted—To Indefinitely Postpone action on Articles seven and eight.

Voted—That the report of the Committee be accepted, and its agreement to purchase the properties of the

Exeter, Hampton and Amesbury Street Railway be ratified and confirmed.

Voted—That a recess of thirty minutes be now taken for lunch.

The meeting was again called to order at twenty minutes past one o'clock P. M.

Voted—That we raise and appropriate the sum of One Thousand Five Hundred Dollars (\$1500) for Salaries of Town Officers.

Voted—That we raise and appropriate the sum of Twelve Hundred Dollars (\$1200) for Town Officers' Expenses.

Voted—That we raise and appropriate the sum of Seventy-five Dollars (\$75) for Election and Registration expenses.

Voted—That we raise and appropriate the sum of One Hundred Fifty Dollars (\$150) for Municipal Court Expenses.

Voted—That we raise and appropriate the sum of Five Hundred Dollars (\$500) for care and supplies of the Town Hall.

Voted—That we raise and appropriate the sum of Twenty-five Hundred Dollars (\$2500) for the Police Department.

Voted—That we raise and appropriate the sum of Thirty-five Hundred Dollars (\$3500) for the Fire Department.

Voted—That we raise and appropriate the sum of Five Hundred Dollars (\$500) for Moth Extermination.

Voted—That we raise and appropriate the sum of Five Hundred Dollars (\$500) towards part of the expense of the "Red Cross" in town.

Voted—That we raise and appropriate the sum of Fifteen Hundred Dollars (\$1500) for the Health Department.

Voted—That we raise and appropriate the sum of

Sixteen Thousand Dollars (\$16,000) for highways.

Voted—That the Selectmen be instructed to purchase any Gravel Pits that they deem advisable to buy.

Voted—That we raise and appropriate the sum of Thirty-five Hundred Dollars (\$3500) for Street Lighting.

Voted—That we raise and appropriate the sum of Eight Hundred Dollars (\$300) for Libraries.

Voted—That we raise and appropriate the sum of Two Hundred Fifty Dollars (\$250) for Town poor.

Voted—That we raise and appropriate the sum of One Hundred and Fifty Dollars (\$150) toward the observance of Memorial Day.

Voted—That we raise and appropriate the sum of Two Hundred Dollars (\$200) for Parks and Playgrounds

Voted—That we raise and appropriate the sum of Four Hundred Dollars (\$400) for Cemeteries.

Voted—That we raise and appropriate the sum of One Thousand Dollars (\$1,000) for Sewer Maintenance.

Voted—That we raise and appropriate the sum of Four Thousand Dollars (\$4,000) for interest on Temporary Loans, Long Term Notes and Trust Funds.

Voted—That we raise and appropriate the sum of Five Hundred Dollars (\$500) for Cement Sidewalk from the Post-Office to connect with the sidewalk in front of L. C. Ring's cottages, and it shall be required that the abutters pay one-half the expense of said construction.

Voted—That we raise and appropriate the sum of Twenty-five Hundred Dollars (\$2500) for Breakwaters.

Voted—That we raise and appropriate the sum of Fifteen Hundred Dollars (\$1500) for a Drain Pipe to be laid from Echo Hotel, so called, to Young's corner to carry off surface water.

Voted—To give the Selectmen power to raise money in anticipation of taxes and to renew or refund the town notes.

Voted—To raise and appropriate the sum of

One Thousand Dollars (\$1000) for Boulevard lights at the Beach.

Voted—That we raise and appropriate the sum of One Thousand Dollars (\$1000) to be expended on the highway between the "Five Corners," and the Coast Guard Station at North Beach.

Voted—That we raise and appropriate the sum of Five Thousand Dollars (\$5000) toward the town debt.

Voted—That the town erect at the Beach a suitable building for use as a fire, police and public comfort station, at a cost not exceeding Fifteen Thousand Dollars (\$15,000) and issue ten serial notes of Fifteen Hundred Dollars (\$1500) each for that purpose.

Voted—That we raise and appropriate the sum of Twenty-five Hundred Dollars (\$2500) for Beach Cleaning and fire protection.

Voted—To leave Article Eleven to the judgment of the Selectmen.

Voted—To leave Article Twelve to the judgment of the Selectmen with power to act.

Voted—To leave Article Thirteen to the judgment of the Selectmen.

Voted—That the polls close at Three o'clock on the Amendment vote.

Voted—That the Selectmen be instructed to take the matter of the road obstruction on Island Path and other places with the County Solicitor.

Voted—That we raise and appropriate the sum of Two Thousand Dollars (\$2000) for suitable Comfort Stations in the Town Hall.

Voted—That the reports of the Town Officers be accepted.

Voted—That the Town extend a vote of thanks to the retiring Board of Selectmen.

Voted—That this meeting adjourn.

The voting on the proposed Amendments still continued and at the Appointed hour the Moderator declared the polls closed.

In the presence of the Selectmen and the Ballot Inspectors, the Chairman of the Board of Selectmen, assisted by the Moderator and the Town Clerk and the above mentioned Ballot Inspectors, proceeded to count the ballots given in, in public meeting.

After the counting of the ballots had been completed and tabulated, the Moderator publicly announced the result as follows:

The whole number of ballots given in.....	210
On question No. 1. Those voting Yes.....	26
On question No. 1. Those voting No.....	179
On question No. 2. Those voting Yes.....	31
On question No. 2. Those voting No.....	179
On question No. 3. Those voting Yes.....	58
On question No. 3. Those voting No.....	141
On question No. 4. Those voting Yes.....	74
On question No. 4. Those voting No.....	126

Voted—To adjourn without date.

## RECORD OF THE SPECIAL TOWN MEETING HELD JULY 18, 1921.

### STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hampton, in the  
County of Rockingham, in said State, qualified to vote  
in Town Affairs.

You are hereby notified to meet at the Town Hall in said Town, on the Eighteenth day of July next, at Seven o'clock in the Afternoon, to act upon the following subjects:

1st. To see what action the town will take regarding the appointment of an inspector of buildings, prescribe his duties, and fix his compensation.

2nd. To see if the town will vote to adopt ordinances and by-laws and prescribe regulations for the construction and maintenance of buildings in said town.

3rd. To see if the town will authorize the Selectmen to make such by-laws respecting the guarding etc. of fires and the removal of combustible materials as the safety of the property in the town may require.

4th. To see what action the town will take regarding the purchase of apparatus for the extinguishment of fires and the equipment of the same, and pass any other vote relating thereto.

Given under our hands and seal, this First day of July, 1921.

JOSEPH B. BROWN,

Selectmen of Hampton

A true copy

Attest:

JOSEPH B. BROWN,  
ELROY G. SHAW,  
HARRY D. MUNSEY,

Selectmen of Hampton

In accordance with the foregoing notice the legal voters assembled at the Town Hall in said Hampton at the appointed hour and were called to order by the Town Clerk who read the Warrant.

Moderator Redman then came forward and read Article one for consideration by the voters.

Voted—To consider the first three articles of the Warrant collectively.

Voted—That an inspector of buildings be appointed by the Selectmen, his duties prescribed and compensation fixed and until such appointment that the Selectmen act as such inspector.

Voted—That the following regulations be prescribed as by-laws for the construction and maintenance of buildings until others are adopted.

1st. No building of any kind shall be erected moved, altered or enlarged without a written permit from the Selectmen of said Town (and such others as are best.)

Voted—That the firewards be directed to establish proper regulations respecting the prevention of fires and the removal of combustibles from any building or place, and provide penalties for any breach thereof.

Voted—That a Committee of five be appointed by the Moderator at this meeting to draw up by-laws and building regulations to be submitted to the voters at an adjourned meeting. The Committee selected by the Moderator was Alexander H. Brown, Henry W. Ford, John A. Janvrin, Harry I. Noyes and Architect Ernest Hayward of Boston as advisory member.

Voted—That the Committee investigate needed apparatus and report at an adjourned meeting.

Voted—To adjourn to one week from date.

REPORT OF ADJOURNED TOWN MEETING HELD  
JULY 25, 1921.

Agreeably to a vote passed at a Special Town Meeting, held July 18, 1291, the legal voters of the town assembled at the Town Hall and were called to order by the Moderator at thirty-five minutes after seven o'clock, July 25, 1921.

The Report of the Committee appointed at the above named meeting was called for and submitted by Alexander H. Brown.

Voted—To accept the report of the Committee.

Voted—To adopt the Building Rules, Regulations and Laws as recommended by the Committee.

Voted —1. That the Town shall appoint a Building Inspector for said Town, said Inspector a resident or non-resident of Hampton, to be paid a suitable salary by said Town.

**Rules and Regulations**

2. No building of any kind shall be built, moved, altered or constructed without a written permit from the building Inspector or by his representation. Fee, \$5.00 for building costing \$5,000 or less, each additional \$5000, \$5.00.

3. Buildings in Beach Precinct four stories or less shall be four feet from dividing line of each lot, and for each additional story this distance shall increase two feet.

4. The walls of all new buildings less than fifteen feet from an adjoining building shall be covered with a non-combustible material, window frames of metal, provided with wire-glass.

5. The roofs of all new buildings shall be covered with a non-combustible material. Where fifty per cent of an old roof is to be repaired the entire must be covered with non-combustible material.

6. All Rooming Houses, Hotels and Public Build-

ings, two stories or more, shall be provided with fire escapes approved by the Inspector.

7. All timbers, furring or other wood-work shall be not less than one inch from chimney or fireplace.

8. (a) All chimneys, shall be built of good merchantable brick, thoroughly laid with joints filled all the way through, and plastered on the inside from top to bottom and on the outside below the roof unless the walls are eight inches thick. No soft or pale bricks shall be used in chimney construction.

(b) All chimneys of masonry construction shall have walls eight inches thick on all sides, or they may be constructed of four inch brick walls, with a suitable flue lining, which shall extend one foot above the roof boards.

(c) Chimneys shall not be built more than six inches out of plumb unless they are attached to masonry walls.

(d) No smoke flue shall have a less area than eight by eight inches.

(e) Chimney thimbles shall be constructed of incombustible materials, shall not be within four inches of any wood-work and of such length as to finish flush with the plastering.

(f) All chimneys shall extend at least three feet above a flat roof and at least two feet above the highest point of a pitch roof.

(g) All smoke pipes shall be at least eighteen inches below the joists or ceiling above the same, unless said joists or ceilings shall be properly protected by a shield or metal plate suspended above said pipe, with a space of at least three inches above and below such shield for a free air circulation. Smoke pipes shall be kept at least twelve inches from vertical wood-work or combustible partitions unless the same is properly protected by a metal shield placed one inch from the wood-work, in

which case the distance may be not less than six inches. No smoke pipe shall project through any external wall or window, or through roof or floor.

9. All electrical wiring and apparatus shall conform to the rules and requirements of the National Board of Underwriters, known as The National Electrical Code.

10. That all places where danger exists and can be improved, shall be improved upon notice from the building Inspector.

11. Any building deemed not safe, either by weakness or danger to life or property, upon notice by the Inspector, shall at once be remedied by the owner.

12. In case of any disagreement between the Inspector and applicant, it shall be referred to the Selectmen for a decision.

13. After the expiration of fourteen days notice, and no appeal being taken, any person whether owner, lessee, contractor, workman or agent shall be liable to a penalty of not more than ten dollars for each day that the violation of the foregoing rules and regulations shall continue.

14. These rules also apply to all buildings now under construction, and go into effect upon their acceptance by the Town, and may be added to or amended at any town meeting.

After the report of the Committee selected to suggest needed fire apparatus it was

Voted—To adjourn without date.

# Warrant for Annual Town Meeting

---

(L.S.) THE STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Hampton, in the County of Rockingham, in said State, qualified to vote in Town Affairs.

You are hereby notified to meet at the Town Hall, in said Hampton, on Tuesday, the fourteenth day of March next, at ten of the clock in the forenoon to act upon the following subjects:

Article 1. To choose a Clerk for the ensuing year.

Article 2. To choose one Selectman for three years.

Article 3. To choose Treasurer, Collector of Taxes, Trustee of Trust Funds, Auditors, Library Trustees and all other necessary officers for the ensuing year.

Article 4. To raise or appropriate such sums of money as may be necessary for Town Officers salaries; Town Officers' expenses, Election, and Registration, Municipal Court, Care and Supplies for Town Hall, Police Department, Fire Department, Moth Department, Health Department, Red Cross, Highways and Bridges, Street Lights, Library, Town Poor, Memorial Day, Parks and Playgrounds, Cemetery, Sewer Department, Interest, Sidewalks, Comfort Station, Breakwater, Town Notes, Street Railway Department, Hampton Beach and all other necessary charges arising within the town.

Article 5. To see if the town will give the Selectmen power to borrow money in anticipation of taxes and to renew or refund the town notes.

Article 6. To see if the Town will take any action in regard to operating the electric road bought by the town and to see if the town will give the Selectmen power to vote the stock of the Corporation or to choose a committee to vote it; also to take action in regard to an issue of any more bonds for the permanent improvement of the road.

The following three articles by request of Charles E. Greenman:

Article 7. To see what action the town will take to authorize the reduction of the amount of stock of the Exeter, Hampton and Amesbury Street Railway subject to the approval of the Public Service Commission.

Article 8. To see what action the town will take to ratify the application of \$3,278.75 obtained by sale of 30,500 pounds of copper to improvement of the property of the Exeter, Hampton and Amesbury Street Railway.

Article 9. To see what action the town will take to provide funds for a working capital and for improvements of the property of the Exeter, Hampton and Amesbury Street Railway.

Article 10. To hear the report of agents or committees heretofore chosen.

On petition of J. S. Dudley and fifteen other legal voters:

Article 11. To see if the town will vote to instruct the Selectmen to expend the balance of money voted for Breakwater at Beach at town meeting, March 9, 1920, in building a jetty of loose rocks starting at foot of Exeter Ave and extending toward Town Rock, using all broken cement wall, rocks, etc., lying around in that section, in construction of same.

On petition of same voters:

Article 12. To see if the town will vote to raise and appropriate money to buy a combination fire pump, also fire hose, to be added to Beach Fire Department.

On petition of same voters:

Article 13. To see if the town will vote to raise or appropriate Two Thousand Dollars (\$2,000) to install lights similar to lights in Amesbury (White Way so called) through business section of Beach in place of present Boulevard lights.

Article 14. To pass any vote or votes that may legally come before said meeting.

Given, under our hands and seal this Twenty Fifth day of February, 1922.

JOSEPH B. BROWN,

ELROY G. SHAW,

HARRY D. MUNSEY,

Selectmen of Hampton

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the Board of Trustees, Hampton Academy,  
and the Hampton School Board:—

I am pleased to submit my third annual report as Superintendent of Schools. I also transmit to you the reports of the Headmaster of the Academy & High School and of your Supervisor of Music, together with the tabulation of the customary School Statistics.

### WORK OF THE YEAR

A careful diagnosis of the scores made in the Standard Tests, which were given in the fundamental subjects last spring, seem to show practically as good results as were obtained in the tests of the previous year in all subjects except writing. In this subject low scores were made in all grades from grade 6 to grade 10 inclusive, due doubtless to less frequent drill in writing in these grades. It is evident that all teachers of pupils in these grades, must hold the pupils up to a better quality of writing, especially by not accepting work from them, poorly or carelessly written. In the primary grades there was considerable improvement in the four fundamentals of Arithmetic.

One very decided improvement in our work last year over the work of the previous year, is evident from a comparison of the tables of Promotion and Retardation for the last two years. There were not nearly as many retarded last year as in the previous year, and the greater number that were retarded were in the primary grades where normally the greater amount of retardation should occur. Our teachers last year evidently gave more attention to slow or backward pupils than in the former year as I suggested they must do in my last report.

In the Academy last year our teachers completed all the work as outlined in the State Program in practically

every course and every class and received commendation from the State Department of Education on the good work accomplished, as shown from the Annual Work Reports, that were returned to Concord last July. I believe we will accomplish all that is required this present year, the quality of which will be fully the equal and in some respects better than last year.

### TEACHERS

We lost last spring, in both our elementary and secondary schools, with the exception of Mr. C. M. Teague, all our teachers who had done excellent work for us. Such an overturn in a corps of teachers is commonly very harmful, if not almost disastrous. However, in spite of the great scarcity of teachers, we were fortunate in the selection of teachers to fill the places made vacant. All are doing excellent work considering their professional training and experience. None of them are perfect—few of us are—but with strong backing that we feel justified in expecting from all school officials and parents, and from the community in general, we hope to produce satisfactory results.

### ATTENDANCE

The percent of attendance, 92.9 last year was just a little better than the year before, or 91. The number of cases of tardiness last year was 640 or 60 less than during the previous year. This is a creditable improvement, yet there ought not to be more than one-third as many tardinesses. I like to believe that both this improvement in attendance and tardiness, is an indication of a more serious purpose on the part of the pupils themselves, as well as due to the hearty co-operation of the parents with the teachers.

## SCHOOL COSTS

One thing which I believe will be interesting to you is the comparison of costs of schools in the different districts of this Union for last year. I have computed the same on the basis of cost per pupil of average membership.

## Cost Per Pupil of Average Membership

Newington	\$60.98
Newcastle	60.80
Rye	55.09
North Hampton	113.80
Hampton	43.23
Hampton Academy and High	85.05
Hampton Falls	64.39
Seabrook	48.25

These figures were obtained by omitting extraordinary payments, such as for repairs, remodeling, etc., and counting only the necessary running expenses of the schools. They illustrate to a certain extent the business efficiency of the management of all our schools, by the different school boards, at a time when all school costs have been mounting rapidly. You will note the cost per pupil of average membership is the lowest for Hampton, for grades 1 to 8 inclusive, of any of the districts of the Union. This does not necessarily mean better management, however, since we must take into consideration the efficiency of the service rendered as well as the figures. The principal reason for this low cost of our schools, is the fact that we have more pupils per teacher than in the other districts, several rooms being over crowded. This congested condition could not be helped in our old buildings but will be entirely overcome in our new school plant. The cost per pupil of average membership in the Academy and High School is of course more than in any of the other towns, with one exception, since the cost of the Secondary schools everywhere is much more than for the Elementary Schools. The cost per pupil of average membership for Ports-

mouth High School last year was \$79.32, only \$5.73 per pupil less than for Hampton. The cost per pupil for Hampton would have been much less if we had only more pupils in the Academy. Both the Board of Trustees and the School Board are to be congratulated, since you have been able to keep at a comparatively low level the expenses of the schools, at a time when all school costs, such as teachers' salaries, textbooks, supplies etc., have just about doubled in price.

### SCHOOL ORGANIZATION

Now that our new Central School is nearly completed it is necessary for us to formulate plans for the reorganization and administration of the school work under the new and ideal conditions. The Building Committee thru their architect and contractors have produced a wonderfully fine building, one that Hampton has every reason to be exceedingly proud of. We now have a building, consisting of six large class rooms on the second floor, four large class rooms on the first floor and a splendid Auditorium, with a seating capacity of 250 people, also two large light rooms, for Manual Training and Domestic Arts in the basement. Each classroom will accommodate from 40 to 45 pupils; thus it will be readily seen that we have a possible school home for 400 to 450 pupils.

Since our present enrollment in all schools, including the Academy, is a little under 300 pupils, it would appear to me that the most economic use of this new building would require the organization of all the school work, both elementary and secondary in this Central School, where the most modern requirements for school purposes, as to light, heat, ventilation, sanitation etc are to be had. I realize there will doubtless be considerable objection to the above idea, either on the ground of sentiment for the old Academy, or the possible loss of certain endowment funds; however, I feel it is my duty

to point out this possibility of the fullest and most economic use of the new school plant. Such use will save the employment of two expensive principals, the running of two separate heating plants, and the duplication of a vast amount of expensive equipment for the effective teaching of the different Sciences, including the Domestic Arts. Besides, the work of the Junior and Senior High Schools can be much better correlated and co-ordinated if the two schools are under the same roof.

The four rooms on the first floor will accomodate the first six grades, with an average of 35 to 40 pupils to the room with your present enrollment and four of the classrooms on the second floor will accommodate the last six grades, with an average of about 35 pupils to the room, thus leaving one large classroom to be fitted up as a commodious laboratory for Physics, Chemistry and General Science and one room for Commercial work.

Although the ideal arrangement would be to have the elementary schools or first six grades in one building and the secondary schools or the next six grades, i. e. grades 7 to 12, consisting of Junior and Senior high schools, in another building, probably the above plan of organization, with all grades in the same building, is the plan to be found in 90 per cent or more of the larger towns of New England, if not the whole country. Doubtless the above plan of organization would have to be considered by the voters at the time of the district meeting. To say the least, it is quite essential that grade nine, should be taken over as a part of the Junior High School, in order to relieve the congested condition in the old Academy building.

If we continue to use this old building, several improvements should be made this next year. Especially should new modern toilets be installed in the present Manual Training room in the basement to replace the old unsanitary outhouse. However, if we could give up

the use of the old Academy building for school purposes, it would, in my opinion, fulfill a long felt want, that of an excellent gymnasium for our boys and girls.

In closing, I wish to express my appreciation of your counsel and cordial support, and of the co-operation of the parents and teachers in making the school work a success.

Respectfully submitted,

C. H. WALKER.

Hampton, N. H., Feb. 20, 1922.

---

### REPORT OF MUSIC SUPERVISOR

Mr. C. H. Walker,

Supt. of Schools,

Dear Sir:—

I submit the following report of the work in music during the school year 1921-1922.

In general the outline as given in our State outline has been followed with additions, where it has seemed advantageous.

A brief outline of the grade work is as follows: In the first grade the children have been learning rote songs. The selections have been such that the little people's interest has been instantly aroused, thereby encouraging their efforts. In the early grades all the children love their music and try hard to sing their songs correctly. We have been delighted to see some of our worst cases in monotones sing in tune, and we hope by continuing individual work, that all will carry tune properly before the end of the school year. Very simple notation is also introduced during the first year.

During the second year rote songs are continued as well as simple staff reading. Simple problems in time are introduced, all work being carried on through the song itself that the child's interest may not lag.

In the third and fourth grades more attention is given the time and tune problems and rote songs, although

still taught occasionally are in the back ground. As the year progresses two part music is introduced.

In grades five and six two and three part songs are taught. Technical points are taught in preparation for chorus work. Interpretation is given a large share of time.

In Junior High the time is given entirely to chorus work. We make some use of the piano, but the pupils are by no means dependent upon it. We have very good material and exceedingly good voices to work with.

The work in the Academy has also been entirely chorus work. We have been somewhat hampered by the lack of tenor voices, also a scarcity of alto voices. This makes our chorus somewhat unbalanced. The pupils have given me their kindly co-operation and I feel that with somewhat more in the line of music material, a greater showing would result.

It has been a very fine thing to have Victrolas in our school buildings. We can make even greater use of them as time goes on when all that is best and greatest in the world of music can be brought to our pupils. In this way the love of the best can be fostered and cultivated.

I wish to take this opportunity to thank the parents and teachers for their interest, co-operation and goodwill. Without this our efforts can bring but mediocre results at best. We have appreciated the cordiality of the people of Hampton.

Very respectfully,  
ESTHER B. COOMBS,  
Supervisor of Music.

## REPORT OF HEADMASTER, HAMPTON ACADEMY AND HIGH SCHOOL

To the Superintendent of Schools:

I respectfully submit the following report:

As this report includes the spring term of 1921 a few words about that would seem in order.

The same favorable conditions which had attended the fall and winter terms continued with us to the end of the school year, and the two important factors, good weather and good health, paved the way for normal and regular attendance.

The senior play, although delayed, was pronounced a success both from a dramatic and a financial standpoint; the baseball team had the good fortune to win the majority of its games, and the graduating class made its exit from the Academy in a way that could leave only pleasant memories.

Our expectation of a large school in the fall were realized. Up to the present time (Feb. 2) we have enrolled twelve seniors, sixteen juniors, thirty sophomores, twenty-eight freshmen and one special. We are full to the doors and can truly say that business is booming at the Academy, the citizenship workshop.

Owing to the increase in numbers new problems of administration and discipline have arisen but with the efficient and willing aid of the helpers you were so fortunate to secure for me we are making creditable progress with a minimum of friction.

We deplore the black marks that have to be put on the pages of our register. The school building has been comfortably heated and the teachers have been at their posts every day but the severity of the weather, the irregularity of the cars, bad colds and, finally, the mumps have been the chief reasons for non-attendance and tardiness. We wish to state here for the benefit of all whose interests are tied up with ours in the matter of

school attendance that the school house will be opened and warmed and the teachers will be present every school day, rain or shine, snow or blow, unless notice is given to the contrary by the proper authorities. Thus there will be an opportunity for all to attend who can.

We are endeavoring to keep the boys and girls in school and help them to make good in their work. There have been a few failures and the marks have been quite low in quite a number of cases. These failures may be due to various things, some of which are: lack of previous training, lack of study in school, lack of home study, home encouragement, and home authority, too many outside interests, etc.

Pupils may not utilize to the fullest extent their time in school but we aim to give them the opportunity and the atmosphere for study and try to see that they do it. We gladly and willingly shoulder our responsibility and we want to feel that we have the hearty support and ready co-operation of all parents and friends.

We know that you and the other school officials are behind us in everything that pertains to law and order and learning.

We thank you for this assurance as well as for the assistance you have given us in matters of administration.

Respectfully,

C. M. TEAGUE.

### AUDITORS' REPORT

We have this day examined the foregoing accounts of the Treasurer of the Library Trustees, S. Albert Shaw, and find them properly vouched for and well cast. We find a balance on hand of \$84.69.

CHARLES FRANCIS ADAMS,  
HOWELL M. LAMPREY,

Auditors

Hampton, N. H., February 3, 1921.

Number of volumes added to the library for the year ending January 31—by purchase, 167, and by gift 28, making a total of 195.

Number of books replaced, 12.

Number of volumes catalogued, 6160; 66 books were rebound.

There has been a slight decrease in circulation from the preceding year. Number of books issued to residents, 9765; to non-residents, 255; magazines loaned, 259, making a total circulation of 10,279.

Largest number of books issued in one day, 225; smallest number, 12. Average per day, 99.

The attendance in the reading room during the past year was about the same as usual. Subscription has been entered for the following periodicals:

Century Magazine, St. Nicholas, Popular Mechanics, Literary Digest, Worlds Work, American Boy, Woman's Home Companion, Youths Companion, Geographic Magazine, American Botanist, Outlook, McCall's, Granite State Monthly, Outing, Scientific American, Bird Lore, N. E. Homestead, Harper's Magazine, Life, Collier's, Exeter News-Letter and Hamptons Union.

# Street Railway

---

## PRESIDENT'S REPORT

To the Stockholders of the Exeter, Hampton & Amesbury Street Railway.

Your Directors submit herewith General Balance Sheet showing Assets and Liabilities as of December 31, 1921, also Railway Operating Income and Expenses for the eleven months ending December 31, 1921. While the income and expense accounts cover the period from February 1st to December 31st it should perhaps be mentioned that due to the question of legality of the proceedings in connection with the purchase of the Railway property being raised, it was not until April 6th that your Directors assumed actual control. During this period the old company continued to operate, but for the account of the new owner, the Town of Hampton.

At the time of taking over the Railway the book value of the property as carried on the books of the previous owners was \$260,980.23. However, as the Town of Hampton paid only \$76,000.00 for it your Directors have cut down the book value to correspond with the purchase price plus the expenditures for permanent additions and improvements made since April 5th. This leaves an item of \$100,000.00, representing the stock of the Corporation, which is carried on the books as a Liability. As this item of \$100,000.00 represents a value in excess of the cost of the property to the Town of Hampton your Directors would recommend that the

Stockholders consider the advisability of reducing same to a nominal figure.

Analysis of the financial results of operation for the period under review, after making allowance for Exeter's contribution, discloses a deficit of \$5,331.02. This figure is offset, however, by the sum of \$1,569.40 which has been set aside as an Accident Reserve, bringing the actual cash deficit down to \$3,761.62.

As it seems probable that next year will show improvement, it will perhaps suffice to state the several causes of the deficit for the past eleven months and the reasons for expecting more favorable results for the future.

The net operating deficit charged against the Company by the old owners for operation from February 1 to April 6 was \$3,435.48 and the delay in taking over the property necessarily held in abeyance all plans for more economical operation. Furthermore it has taken time to study the needs of the road, formulate plans for improvements and put them into effect.

The severe ice storm the latter part of November was rather costly to the Company involving an expenditure of about \$550.00

The plans of the Directors for a more economical operation of the property are now however, beginning to show results which have an important bearing on the cost of operation during the coming year. For instance, it was not until October that the one man cars were ready for operation and it was November before the full benefits were in evidence. A careful analysis of the actual experience of the Company with the two cars now in operation discounting 20 per cent for time lost when the cars have to be taken off the line for repairs and a two man car substituted, and also making allowance for the fact that an extra repair man is needed at the car barn for six months out of the year, these cars should

show a net saving of \$2,500.00 annually. In the event of it being possible to equip another car of this type and thereby obviate the necessity of putting out a two man car in case of breakdowns, an additional annual saving of about \$750.00 would be effected.

Certain expenses have been incurred this year that will not come up again next year, such as the cost of painting the open cars and paying for the services of an expert accountant in connection with the financial adjustments at the time of taking over the property.

An item that will be less during 1922 is the cost of power. In February, 1921, the cost of power was .033 per k w h and has gradually declined until in December, 1922, it had reached .024 per k w h. Applying the December rate to the amount of power used annually should show a saving in 1922 of approximately \$1900.00.

In brief, the items mentioned, without including savings to be effected by equipping another one man car, should enable the Company to operate in 1922 for approximately \$4,000.00 less than in 1921. If another one man car could be put in operation this saving would be increased to something over \$4,750.00.

There is also the possibility that now that the Town of Hampton is actually operating the Railway that the Towns of Hampton Falls and Seabrook may be willing to do something in the way of a subsidy and your Directors are bringing this matter to the attention of the officials of these towns with the request that the question be considered at the forthcoming Town Meetings.

During the period under review improvements to the property have involved an outlay of \$6,290.03. Of this sum, \$2,630.30 has been expended for one man equipment, \$2,659.73 for a new heating plant at the car barn, and \$1,000.00 for snow plows. New ties to the number of 2,367 have been put in and as already mentioned the open cars have been painted, and in general

the maintenance of way, structures and equipment have been kept up as well as the limited resources of the Company would permit.

Up to the time of drafting this report no funds have been made available for a working capital or for improvements to the property. The stockholders will doubtless recognize that the property cannot be operated to the best advantage unless the funds contemplated and voted at the Town Meeting of December, 1920, are made available, and measures should be taken without undue delay to adequately finance the Company.

For the Board of Directors,

CHARLES E. GREENMAN,

President.

## TREASURER'S REPORT

February 28, 1922.

A Statement of the financial operations of the Exeter Hampton & Amesbury Street Railway is herewith presented. The following figures represent an eleven months' period from February 1, 1921, to January 1, 1922.

The former owners operated the Road from February 1st to April 6th for reasons well understood. The deficit for such operating for the period referred to was approximately \$3,435.48.

On April 6th, when the Town actually took possession, the daily receipts were averaging \$86 and the expenses daily were \$158. During December the average receipts were \$80 and expenses \$139, exclusive of cost of repairs from ice storm and for snow removal, which exceeded \$1,000.00. The daily expenses for December, 1921, as compared with those of December, 1920, show a decrease of \$46 per day.

The \$20,000 in bonds voted by the Town for a working capital and improvements have not been issued. This relieved the Town of a One Thousand Dollars' interest

charge and the proceeds from an issue at this time would probably bring the Town One Thousand Dollars more than a year ago.

Immediate financial assistance should be rendered which would result in more remunerative operation.

H. G. LANE,  
Treasurer.

---

## REPORT OF CERTIFIED ACCOUNTANTS

February 27, 1922.

To the Directors of the  
Exeter, Hampton & Amesbury St. Railway,  
Hampton, New Hampshire.

Gentlemen:

We hereby certify that we have made an examination of the books of the Exeter, Hampton & Amesbury Street Railway, verifying all payments by vouchers and endorsed checks and finding the balance of cash called for by the books on hand and available. The accounts and notes-payable have been verified, the accrued and prepaid items proved, and the plant account found to be valued at par value of the town bonds given for the capital stock plus additions since.

On the basis of this valuation we find the Corporation deficit to be \$106,047.06 made up as follows:

Deficit as of February 1, 1921 . . .	\$100,716.04
Operating Loss for 11 Months . . .	5,331.02

---

Total . . . . .	\$106,047.06
